

PMA – PUBLIC FACILITIES FOR RENOVATION

PROJECT OWNER :

Normandy Public Land Establishment + Mézidon Auge Valley Town Hall + Lisieux Normandie Agglo

PROJECT :

Rehabilitation of the Breuil farm to transform it into a leisure and cultural centre

AREA: 1120m² for the leisure center and 1280m² for the cultural center

LOCALISATION : Mézidon Vallée d'Auge (14)

DATE : 2018

To know the technical and financial conditions for the rehabilitation of the Breuil farm, the town of Mézidon Vallée d'Auge has joined forces with the EPFN to establish a diagnosis of the buildings and a functional programme for the transfer of the leisure centre and the cultural centre.

OREKA Ingénierie, in association with Stonevox, carried out the following missions:

- structural and historical study,
- production of plans and geometric surveys,
- functional analysis of the needs of the leisure centre and the cultural centre (media library and art school),
- drafting of the technical and functional programme with a view to consultation of project managers.
